Qualification Development Background

The Level 3 Diploma in Supporting the Delivery of Physical Education and School Sport has been developed in response to an identified industry need for learners to be qualified in a specific job role. It is aligned to SkillsActive's 2010 national occupational standards for Coaching and Activity Leadership as well as the Teaching and Development Agency's 2007 national occupational standards for supporting teaching and learning in schools and has been developed in close collaboration with a range of active leisure employers.

Industry Recognition

The Level 3 Diploma in Supporting the Delivery of Physical Education and School Sport has been developed on behalf of employers in partnership with COMPASS* (Community of Physical Activity and School Sport Providers) group members. There has been significant support from the sector for this fit for purpose qualification which has included vast and diverse consultation led by COMPASS as well as commercial organisations, voluntary partners, key sector stakeholders (SportsCoachUK, afPE), community providers and industry experts. The Association of Physical Education (afPE) is committed to providing services to physical education and school sport and has asked for more clarity, coherence and quality in the qualifications available to their existing and potential employees delivering physical activities in a school environment.

*COMPASS is an association for employers engaged in the delivery of sport and physical activity in the community

Learners achieving this qualification will have some advantage by confirming their competence in supporting the delivery of low risk activities (As outlined in Appendix A) that contribute to a physical education and school sport programme through curriculum-based and/ or extra-curricular activities.

SkillsActive have also worked with Compass to design new generic role descriptors for usage across their membership and wider footprint which are supported by the major employers within the sector (see Appendix B and C)

Be able to research the community and establish working relationships</p>	<p>3.1 Collect, organise and analyse as much relevant information about the community as possible</p> <p>3.2 Explore and challenge assumptions where necessary</p> <p>3.3 Develop an evidence-based community profile and consult to ensure conclusions are valid</p> <p>3.4 Make contact with the people most relevant to own work in a way that is appropriate to them</p> <p>3.5 Explain own role, aims and objectives in a way that is consistent with own organisation’s strategy</p> <p>3.6 Where possible, negotiate how to bring own objectives and those of others into alignment</p> <p>3.7 Identify and agree ways of working collaboratively and building own relationship</p> <p>3.8 Record what has been learned, for future reference</p>
<p>4. Know how to plan and deliver sport and physical activity programmes in the community</p>	<p>4.1 Explain how to develop programmes that address issues such as inclusion, personal development, social development, as well as physical and skills-based development</p> <p>4.2 Explain how to consult effectively in a community and why it is important to make use of community feedback</p> <p>4.3 Describe why it may be necessary to make use of unconventional facilities for programmes, what types of facilities could be used, and how to adapt them</p> <p>4.4 Explain how to select staff for community based programmes and the types of skills, qualities and experience to be looked for</p> <p>4.5 Describe why it is important that staff understand the specific aims and objectives of programme, projects and the organisation as a whole</p> <p>4.6 Describe why it is important to monitor programmes and respond to new opportunities, interests and needs</p> <p>4.7 Explain how to encourage and empower people to express community needs</p> <p>4.8 Explain how to influence people and use evidence-based research to demonstrate how sport and physical activity can benefit</p> <p>4.9 Explain how to enable people to identify opportunities for participation in sport and physical activity that could address community needs</p> <p>4.10 Evaluate the advantages and disadvantages of different types of opportunities for participation in sport and physical activity that could address community needs</p> <p>4.11 Explain why people in the community need to understand their own strengths and weaknesses in relation to planning and providing opportunities</p> <p>4.12 Explain how to support people in the community to understand their own strengths and weaknesses in relation to planning and providing opportunities</p>

<p>5. Be able to plan and deliver sport and physical activity programmes in the community</p>	<p>5.1 Bring together people in the community who could contribute to and benefit from possible programmes</p> <p>5.2 Enable people to identify community needs and possible target groups</p> <p>5.3 Enable people to see how sport and physical activity programmes could help to meet these needs</p> <p>5.4 Develop aims, objectives and plans for programmes which will meet community needs and be attractive and accessible to the target groups</p> <p>5.5 Carry out effective community consultation on plans with relevant people, using feedback to improve plans</p> <p>5.6 Organise the programmes, using resources most appropriate to the aims and objectives and ensuring inclusivity for the target group</p> <p>5.7 Promote the programmes in a way that will be attractive to the target groups, and deal with referrals from other agencies when they occur</p> <p>5.8 Make sure all staff understand the aims and objectives of the programmes and work in a way which will achieve these</p> <p>5.9 Monitor the programmes and make adjustments taking account of new and emerging interests, needs and opportunities</p> <p>5.10 Work with people in the community to evaluate the programmes and identify potential improvements and further developments</p>
<p>6. Know how to enable communities to organise and sustain opportunities for participation and progression</p>	<p>6.1 Explain why it is important to encourage people to use their own community resources, for example volunteers, facilities, etc, rather than relying completely on support from other people</p> <p>6.2 Explain how to identify and address weaknesses in the target community in relation to planning and organising opportunities</p> <p>6.3 Identify types of conflict that may occur between different sections of the community and how to negotiate conflict resolution</p> <p>6.4 Explain how to empower people to evaluate and promote the benefits that arise from opportunities for sport and physical activity</p> <p>6.5 Explain why sustainable development and capacity building are important when developing sport and physical activity within communities</p> <p>6.6 Explain how to promote the longer term benefits that can arise from target groups having the opportunity to participate in and develop within sport and physical activity</p> <p>6.7 Explain how to empower people to establish more permanent legacy strategies and structures for sport and physical activity in their community</p>
<p>7. Be able to enable communities to organise and sustain opportunities for participation and progression</p>	<p>7.1 Empower people to identify longer term community needs and explore possible opportunities for participation and progression</p> <p>7.2 Empower people to identify how they can integrate possible opportunities with existing projects and initiatives</p> <p>7.3 Empower people to identify and assess their own strengths and weaknesses in relation to these possible opportunities</p> <p>7.4 Encourage people to make best use of community strengths and resources whilst providing them with the professional support they need to address weaknesses</p> <p>7.5 Empower people to deal with conflict and negotiate effective ways of working together</p> <p>7.6 Empower people to evaluate opportunities when they have occurred and to identify the benefits</p> <p>7.7 Support people to plan and develop a legacy of more permanent structures, skills and resources for participation and progression</p> <p>7.8 Plan, agree and follow through a strategy for the community to sustain participation and progression without own personal involvement</p> <p>7.9 Maintain contact with people to evaluate progress and identify any other types of support they may need</p>

Appendix A: Technical Syllabus for the Level 3 Diploma in Supporting the Delivery of Physical Education and School Sport

This syllabus should be read in conjunction with the Unit Specifications of the Level 3 Diploma in Supporting the Delivery of Physical Education and School Sport and the National Curriculum Programme of Study for Physical Education. To achieve the qualification, learners will be required to demonstrate an understanding and application of the following techniques in a real working environment.

Topics	Components	Key Points
Balance	Static balance Dynamic balance Rotational balance Head Core Base Counter Balance Balance on Stability Posture	Centre of gravity (CoG) Base of support Where is your head? Use all your senses Core strength Moving forces (adapt width of base appropriately)
Agility	Start and stop Change direction High and low Reactions Programmed/sequenced Random Change of speed	Equal and opposite forces Overcoming inertia Coordinate body limbs Where do we apply force? Maintain stability Brain to limb training Limit your choices
Coordination	Own body (limb control) Unilateral body moves Bilateral body moves Cross-lateral body moves Hand-eye Striking Sending Receiving Interception Control (speed accuracy) Internal External	Brain instruction to limbs Simple to complex Crossing the midline Chain reaction Big to small limbs Long levers (generate force) Lever speed for force Differentiating forces Speed relationship to accuracy Eyes for tracking Understanding object travel path (identify peaks)
Travel	Forwards Backwards Side Fast Slow Walking Running Skipping Multi-directional Creeping and crawling	Apply principles of agility, balance and coordination (ABCs) Coordinate limbs for efficiency of technique (mechanics of movement) Spatial awareness Maintain stability at speed Link travel moves to specific sports Benefits to coordination and early child development

Topics	Components	Key Points
Jump	High Long Preparation During motion Landing Generating force Static Dynamic Take off	Apply ABC's Generating force Angle of accent Movement within CoG base Movement outside CoG for distance Use of limbs to maximise force Loading and unloading muscles Landing for recovery
Send	To a static target To a moving target Long Short Head Arms Feet Racket (striking implement) Over arm Underarm Body direction Base Different objects Preparation Release	Apply ABCs Differentiating force Different flight options Speed relationship to accuracy Eyes focused on target or not? (progression for deception) Choose right target (when sending to a moving target) Appropriate extension in preparation Follow through Recovery Communicate
Receive	Eyes Hands Feet Base Head Preparation Recovery Spatial awareness Base Different objects High Low	Apply ABCs Understanding object travel path (identify peaks) Focus eyes for tracking Make a base for stability on receiving Cushion impact (understanding the force Appropriate body shape Decision making on use of correct limbs (left or right or both etc)
Strike	Body part Implement Direction Accuracy Power Preparation Contact Follow through Recovery Spins	Apply ABCs Focus eyes Balanced ready position Understanding long levers and speed of action on force Spatial awareness Understanding how the object will react to the point of contact (direction trajectory speed and potential spin)

Appendix B PASS (Physical Activity and School Sport) Qualification Framework

Generic Role Descriptor for Level 3 - PASS Qualification Framework

Role Purpose:

Responsibility for the planning, development, delivery and management of programmes of physical activity and sport for children; support teachers with curriculum delivery; the leadership and development of colleagues (both paid and voluntary); acting as a positive role model for participants.

Occupational Competence:

A Level 3 PASS Instructor **should**:

- ✓ Deliver out of school activities (breakfast clubs, after school programmes, holiday activities, birthday parties)
- ✓ Deliver lunchtime/playtime activities
- ✓ Assist curriculum support (Teaching Assistant., Planning Preparation and Assessment cover, physical activity sessions)
- ✓ Deliver to 3-13 year olds
- ✓ Manage an OFSTED early years setting
- ✓ Deliver curriculum PE/physical activity in partnership with the school sport leads

A Level 3 PASS Instructor **should not**:

- X Be regarded as a teacher

Level 3 - PASS Qualification Framework workforce will:

Plan and develop high-quality programmes of physical activity and sport effectively through:

- Analysing and assessing children's current and potential performance, needs and aspirations
- Planning high-quality and age-appropriate programmes of physical activity and sport designed to meet children's short, medium and long term needs
- Developing and managing individuals and teams to maximise their success in competition

Deliver high-quality programmes of physical activity and sport effectively through:

- Leading and delivering structured programmes planned to meet the short and medium term needs of children in accordance with discussions with teaching staff
- Developing participants' / children's physical, personal and emotional wellbeing including working with teaching staff providing enrichment and development opportunities
- Ensuring sessions are fully inclusive and reference a specified programme / curriculum, including cross curricular links where appropriate

Assessing and evaluating progress of participants and appropriateness of programmes through:

- Assessing children's physical development and performance effectively and use the information to inform progress, referencing a set structured curriculum / programme including attainment levels.
- Monitoring and evaluating the quality of sessions and using the information to develop PASS practice
- Monitor and evaluate the quality of programmes and their impact on participants' and use the information to continually develop the programmes
- Develop effective self-evaluation to improve personal practice and the work of the team, recognising the limitations of this role and working within the agreed job description

Ensuring wellbeing, health and safety of participants and staff through:

- Ensuring the health, safety, security and welfare of customers / children and colleagues
- Working in partnership with other organisations, communities and professionals to enable target populations to achieve and maintain a healthy lifestyle through physical activity, physical literacy and development
- Leading on the engagement of customers / children, offering direct support and managing challenging behaviours
- Managing the wellbeing, health and safety of colleagues
- Providing mentoring support to colleagues and partners

Organising, managing and developing activities effectively and efficiently through:

- Managing the efficient use of resources including staff, ICT, equipment and facilities
- Developing and maintaining productive working relationships with colleagues (including paid and voluntary) through strong leadership and motivation
- Supporting the strategic planning, facilitation and development of community or education based physical activity and sport
- Promoting inclusion, equality and diversity in physical activity and sport
- Understanding additional needs requirements of identified groups, such as Gifted and Talented
- Building and sustaining collaborative relationships with other organisations
- Managing sporting events

Appendix C PASS (Physical Activity and School Sport) Qualification Framework

Generic Role Descriptor for Level 2 - PASS Qualification Framework

Role Purpose:

To deliver high quality extra curricular physical activity and sport sessions whilst ensuring participant safety and welfare is maintained across a range of environments; to engage with participants, parents, carers, guardians and associates through good social skills and strong customer care; to assist with the delivery of curriculum support sessions; to represent the organisation professionally at all times.

Occupational Competence:

A Level 2 PASS Instructor **should**:

- ✓ Deliver out of school activities (breakfast clubs, after school programmes, holiday activities, birthday parties)
- ✓ Deliver lunchtime/playtime activities
- ✓ Assist curriculum support (Teaching Assistant., Planning Preparation and Assessment cover, physical activity sessions)
- ✓ Deliver to 3-13 year olds

A Level 2 PASS Instructor **should not**:

- X Deliver curriculum PE/physical activity
- X Manage an OFSTED early years setting
- X Be regarded as a teacher

Level 2 - PASS Qualification Framework workforce will support:

Planning high-quality physical activity and sport experiences through:

- Understanding the expectations of participants – particularly children and young people
- Contributing to the planning of learning activities under the direction of a teacher
- Planning health related exercise and physical activity for children

Delivering high-quality physical activity and sport experiences through:

- Assisting in the delivery of sessions that are positive experiences for all participants
- An understanding of the fundamentals within physical activity for children specifically relating to child development
- Contributing to the personal, physical, social, moral and emotional development of participants through sport and physical activity
- Support the delivery of a well planned and appropriate session.

Assessing participants and evaluating the quality of sessions through:

- Observing and reporting on pupil performance
- Contributing to the assessment of participants through observation, feedback and praise
- Recording and reporting on participant learning and achievement
- Contributing to the evaluation of sessions
- Reviewing activity sessions with participants
- Reflecting on and evaluating their own contribution and performance

Ensuring the wellbeing, health and safety of participants and leaders through:

- Promoting the benefits of a healthy lifestyle to participants using basic principles of anatomy, physiology and nutrition
- Applied understanding of how to handle and maintain equipment
- Ensuring all equipment, clothing and facilities required for the session are clean, appropriate and ready to use
- Applied understanding of the latest legislation on child protection and guidelines on working with children and young people
- Applied understanding of the latest guidance and organisational policies on health and safety, first aid, and emergency procedures
- Understanding basic behaviour management strategies specific to the environment

Organising and managing physical activity through:

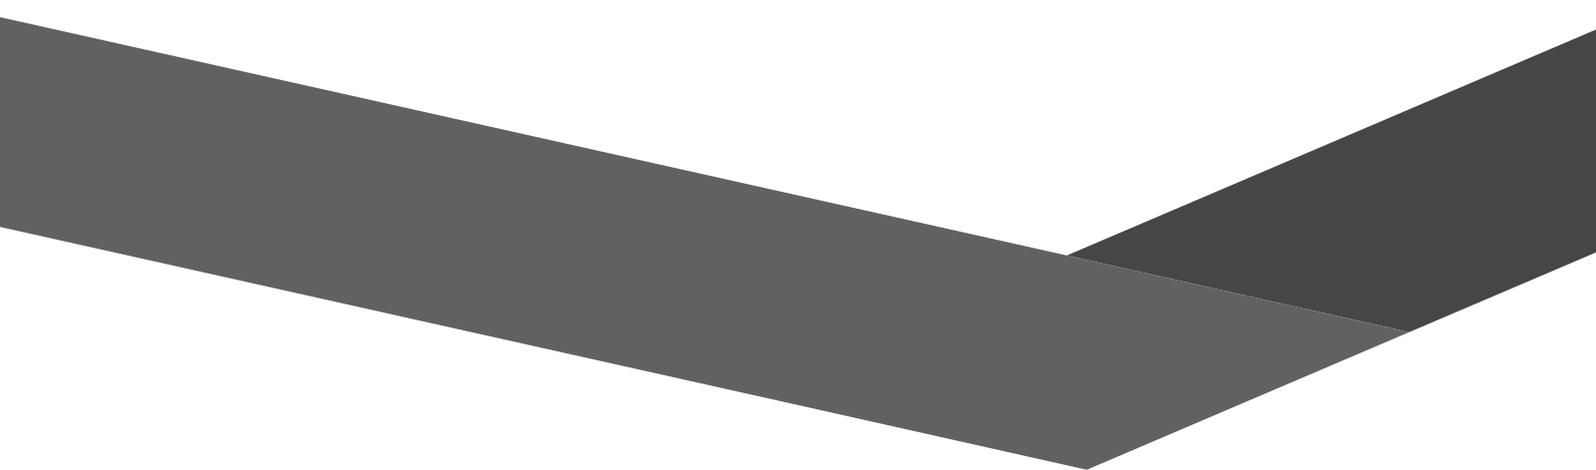

- Promoting physical activity, sports development and health opportunities available within the local community
- Understanding of the school infrastructure and network
- Marketing physical activity opportunities
- Receiving and paying out money
- Enrolling participants for activities
- Maintaining records
- An understanding of good customer service
