

Qualification Guidance

For use by learners on or after 1st May 2026 only.

Qualification summary

Qualification title	Active IQ Level 1 Award in Fitness and Physical Activity
Ofqual qualification number (QN)	601/4120/7
Guided learning hours (GLH)	60
Total qualification time (TQT)	90
Credit value	9
Minimum age	14
Qualification purpose	This qualification will allow individuals to gain the underpinning knowledge and skills required to assist in leading safe and effective exercise sessions. It will also allow them to explore career opportunities within the active leisure sector, whilst also gaining an understanding of healthy eating and a healthy lifestyle.
Grading	Achieved/not yet achieved.
Assessment method	Internally assessed and externally quality assured portfolio of evidence.
Work/industry placement experience	Work/industry placement experience is not required.
UCAS	Please refer to the UCAS website for further details of points allocation and the most up-to-date information.
Performance points	Please check the performance points data produced by the Department for Education (DfE) available online.
Regulation information	This is a regulated qualification. The regulated number for this qualification is 601/4120/7.
Funding	This qualification may be eligible for funding. For further guidance on funding, please contact your local funding provider.
Document version number	AIQ007202

Section 1: introduction

Centres must ensure they are using the most recent version of the Qualification Specification on the website.

Aims and objectives

This qualification aims to provide learners with an introduction to:

- the principles of exercise and fitness
- the health and fitness industry
- healthy eating

Guidance for entry

This qualification is designed for individuals considering or wishing to progress to a career in the fitness industry.

There are no specific prior skills or knowledge a learner must have for this qualification. However, learners may find it helpful to have basic communication skills, including discussing, presenting, reading, and writing, pitched at level 2.

Centres are responsible for ensuring that all learners are capable of achieving the learning outcomes (LOs) and complying with the relevant literacy, numeracy, and health and safety requirements.

Learners registered on this qualification should not undertake another qualification at the same level, or with the same/a similar title, as duplication of learning may affect funding eligibility.

Achieving this qualification

To be awarded this qualification, learners are required to successfully achieve **3 mandatory units** from Group A (**6 credits**), a minimum of **1 credit** from Group B and **2 credits** from Group C to make up the minimum of **9 credits** in total for the full award.

Please refer to the list of units in appendix A for further information.

To achieve this qualification, learners must successfully demonstrate their achievement of all LOs of the units as detailed in this Qualification Specification. A partial certificate may be requested for learners who do not achieve the full qualification but have achieved at least one whole unit; partial achievement certificate fees can be found in the Fees and Pricing document on the website.

Progression

Learners who achieve this qualification could progress to the following:

- further education:
 - Level 2 Certificate in Fitness Instructing
 - Level 2 Certificate in Leading Health-Related Activity Sessions

Resource requirements

There are no mandatory resource requirements for this qualification, but centres must ensure learners have access to suitable resources to enable them to cover all the appropriate LOs.

Realistic work environment (RWE) requirement/recommendation

The assessment of competence-based criteria should ideally be conducted within the workplace. However, in instances where this is not feasible, learners can be assessed in a realistic work environment (RWE) designed to replicate real work settings.

It is essential for organisations utilising an RWE to ensure it accurately reflects current and authentic work environments. By doing so, employers can be confident that competence demonstrated by a learner in an RWE will be translated into successful performance in employment.

In establishing an RWE, the following factors should be considered.

The work situation being represented is relevant to the competence requirements being assessed:

- the work situation should closely resemble the relevant setting
- equipment and resources that replicate the work situation must be current and available for use to ensure that assessment requirements can be met
- time constraints, resource access and information availability should mirror real conditions

The learner's work activities reflect those found in the work environment being represented, for example:

- interaction with colleagues and others should reflect expected communication approaches
- tasks performed must be completed to an acceptable timescale
- learners must be able to achieve a realistic volume of work as would be expected in the work situation being represented
- learners operate professionally with clear understanding of their work activities and responsibilities
- feedback from colleagues and others (for example, customers, service users) is maintained and acted upon
- account must be taken of any legislation, regulations or standard procedures that would be followed in the workplace

How the qualification is assessed

Assessment is the process of measuring a learner's skill, knowledge and understanding against the standards set in a qualification.

This qualification is internally assessed and externally quality assured.

The assessment consists of 1 component:

- an internally assessed portfolio of evidence, which is assessed by centre staff and externally quality assured (internal quality assurance must still be completed by the centre as usual)

Learners must be successful in this component to gain the Level 1 Award in Fitness and Physical Activity.

Learners who are not successful can resubmit work within the registration period; however, a charge may apply in cases where additional external quality assurance visits are required.

Unless otherwise stated in this specification, all learners taking this qualification must be assessed in English and all assessment evidence presented for external quality assurance must be in English.

Internal assessment

Each learner must create a portfolio of evidence to demonstrate achievement of all the LOs associated with each unit. On completion of each unit, learners must declare that the work produced is their own and the assessor must countersign this.

Section 2: unit content and assessment guidance

This section provides details of the structure and content of this qualification.

The types of evidence listed are for guidance purposes only. Within learners' portfolios, other types of evidence are acceptable if all learning outcomes (LOs) are covered, and if the evidence generated can be internally and externally quality assured. For approval of methods of internal assessment other than portfolio building, please contact your external quality assurer (EQA).

Unit 01 Participate in physical activity in the fitness environment (K/600/9370)

Assessment				
This qualification is internally assessed and externally quality assured.				
Mandatory	Achieved/not yet achieved	Level 1	2 credits	10 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Know the structure of a health-related exercise session	1.1 Describe the structure of a health-related exercise session
	1.2 Demonstrate appropriate activities or exercises
	1.3 Give examples of different exercises and activities
2. Understand the importance of safe and effective exercise technique	2.1 Identify good and poor exercise technique
	2.2 Demonstrate good exercise technique
3. Know the skills and qualities required by a fitness instructor	3.1 List the skills and qualities needed by a fitness instructor to deliver a safe and effective exercise session
	3.2 Identify the skills and qualities of a fitness instructor

Unit 02 Exercise and fitness knowledge (J/601/0011)

Assessment				
This qualification is internally assessed and externally quality assured.				
Mandatory	Achieved/not yet achieved	Level 1	2 credits	10 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Understand anatomy and physiology in the context of health-related exercise	1.1 Identify the structure and function of the body in relation to exercise and fitness
	1.2 Identify the effects of exercise and fitness on systems of the body
2. Understand the components of physical fitness	2.1 Define health, exercise, physical activity and fitness and the differences between them
	2.2 List the components of total fitness and physical fitness
	2.3 Define the principles of training

Unit 03 Exploring personal fitness (Y/601/0014)

Assessment				
This qualification is internally assessed and externally quality assured.				
Mandatory	Achieved/not yet achieved	Level 1	2 credits	10 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Be able to understand and use tests to determine levels of physical activity	1.1 Perform a variety of tests to determine current levels of physical fitness
2. Be able to plan and produce a Personal Exercise Programme (PEP)	2.1 Plan a Personal Exercise Programme (PEP)
	2.2 Participate in and evaluate the PEP

Unit 04 Assist in the delivery of an exercise session (J/600/4256)

Assessment				
This qualification is internally assessed and externally quality assured.				
Optional	Achieved/not yet achieved	Level 1	2 credits	10 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Know the basic principles of leading a safe and effective exercise session	1.1 List the basic principles of leading a safe and effective exercise session
2. Be able to assist in leading a safe and effective exercise session	2.1 Demonstrate the skills required to assist in leading a safe and effective exercise session

Unit 05 Understanding the health and fitness industry (R/600/4566)

Assessment				
This qualification is internally assessed and externally quality assured.				
Optional	Achieved/not yet achieved	Entry Level 3	1 credit	10 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Know the features of the health and fitness industry	1.1 List the different places where fitness activities can take place
	1.2 List the different reasons why people go to a fitness facility or leisure centre
	1.3 List the different activities that can take place in a fitness facility or leisure centre
2. Know employment and career opportunities in the health and fitness industry	2.1 List the possible jobs available in the health and fitness industry
	2.2 Identify the professional requirements of working in the health and fitness industry
3. Know the features of professional behaviour in the health and fitness industry	3.1 Outline the different aspects of being a professional health and fitness instructor
	3.2 State what is needed to apply for a job
	3.3 List a range of requirements that your employer must meet

Unit 06 Healthy eating (K/502/3355)

Assessment				
This qualification is internally assessed and externally quality assured.				
Optional	Achieved/not yet achieved	Level 1	2 credits	20 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Understand the importance of maintaining a balanced diet	1.1 Describe why a balanced diet is important in leading a healthy lifestyle
	1.2 Describe the impact of a poor diet on an individual's health
	1.3 Identify the main food groups needed to maintain a balanced diet
	1.4 Plan and make a balanced healthy meal or packed lunch
2. Understand the dietary needs of different groups	2.1 Identify two different groups that have specific dietary needs and describe what these needs are
	2.2 Produce a healthy eating plan for one day for an individual with specific dietary needs

Unit 07 Healthy eating in personal development (A/501/3994)

Assessment				
This qualification is internally assessed and externally quality assured.				
Optional	Achieved/not yet achieved	Level 2	2 credits	20 GLH

Learning outcomes (LOs) The learner will:	Assessment criteria (AC) The learner can:
1. Understand the importance of maintaining a balanced diet	1.1 Describe why a balanced diet is an important factor in leading a healthy lifestyle
	1.2 Identify the main food groups needed by the human body for optimum health
	1.3 Describe the characteristics of an unhealthy diet and of poor eating habits
	1.4 Explain the impact of a poor diet on health and fitness
	1.5 Produce a healthy eating plan for one week for own situation
2. Understand how media representations of body image may influence eating habits	2.1 Explain what is meant by 'body image'
	2.2 Explain how and why the media portrayal of body image may impact negatively on an individual's health
3. Understand the dietary choices and needs of different groups	3.1 Explain how religion and culture can affect dietary choices and needs
	3.2 Explain how to meet the nutritional needs of a person with a particular religious or cultural belief
	3.3 Explain how certain factors may impact on dietary needs: <ul style="list-style-type: none"> • a medical condition • age • gender • occupation
	3.4 Produce a healthy eating plan for one day for an individual with specific dietary needs

Assessment strategy

The key requirements of the assessment strategies or principles that relate to units in this qualification are summarised below.

The centre must ensure that individuals undertaking assessor or quality assurer roles within the centre conform to the assessment requirements for the unit they are assessing or quality assuring.

Knowledge LOs

- assessors will need to be both occupationally knowledgeable and qualified to make assessment decisions
- internal quality assurers (IQAs) will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

Competence/skills LOs

- assessors will need to be both occupationally competent and qualified to make assessment decisions
- IQAs will need to be both occupationally knowledgeable and qualified to make quality assurance decisions

The centre with whom the learners are registered will be responsible for making all assessment decisions. Assessors must be **contracted** to work directly with the centre, contributing to all aspects of standardisation. The centre must ensure a process of training is followed, including during induction and quality assurance activities. Occupationally competent and qualified assessors from the centre must use direct observation to assess practical skills-based outcomes.

Section 3: support

Support materials

The resources and materials used in the delivery of this qualification must be age-appropriate and due consideration should be given to the wellbeing and safeguarding of learners in line with your institute's safeguarding policy when developing or selecting delivery materials.

Reproduction of this document

Reproduction by approved centres is permissible for internal use under the following conditions:

- you may copy and paste any material from this document; however, we do not accept any liability for any incomplete or inaccurate copying and subsequent use of this information
- the use of PDF versions of our support materials on the website will ensure that correct and up-to-date information is provided to learners
- any photographs in this publication are either our exclusive property or used under licence from a third party:
 - they are protected under copyright law and cannot be reproduced, copied or manipulated in any form
 - this includes the use of any image or part of an image in individual or group projects and assessment materials
 - all images have a signed model release

Appendix A: units

To simplify cross-referencing assessments and quality assurance, we have used a sequential numbering system in this document for each unit.

Mandatory units

Group A

Unit number	Regulated unit number	Unit title	Level	Credit	GLH
Unit 01	K/600/9370	Participate in physical activity in the fitness environment	1	2	10
Unit 02	J/601/0011	Exercise and fitness knowledge	1	2	10
Unit 03	Y/601/0014	Exploring personal fitness	1	2	10

Optional units

Group B

Unit number	Regulated unit number	Unit title	Level	Credit	GLH
Unit 04	J/600/4256	Assist in the delivery of an exercise session	1	2	10
Unit 05	R/600/4566	Understanding the health and fitness industry	Entry Level 3	1	10

Group C

Unit number	Regulated unit number	Unit title	Level	Credit	GLH
Unit 06	K/502/3355	Heathy eating	1	2	20
Unit 07	A/501/3994	Healthy eating in personal development	2	2	20
